Bonn & Barb,

Thank you for a fantastic trip to Glacier Bay! I couldn't believe our wonderful gift of good weather ... I thought we were surrounded by beautiful mountains here. The whales, otters, sealions, glaciers, & mountains will be in my memory always! Unfortunately, the 6 pounds from Tom's fabulous meals may be too 😊

Here is the little sock for laundry quarters, which I forgot to return to Bonn my last day ... I know he gets attached to things like this that work so perfectly on the boat. Sorry for any inconvenience! Thanks Again, Jathy

Every day was another surprise. Every time he travelled on the Delphinus I'm amazed at how well it all comes together in a seamless way. On the Delphinus the present really is a present. Thank you so much.

8/9/14 - Holy Cow was this a great trip!! Thank you Ronn, John and Amanda for all you did to make us comfortable, happy and well fed. Can't wait for next year. Brenda Tharp

Thank you Ronn, John and Amanda!
Especially tasty food, beautiful scenery, new adventures with bears, whales, birds, plants, ice and water and fog and rain! Learning photo tips - especially Ronn, Mark & Betty!
For me all was great - but especially the Stikine River jetboat ride to see the iceberg collection at Shakes Lake and the Folds Terror with the waterfalls, etc! It is special to be in the midst of the natural creation!
Thanks again for this opportunity! Jim Gamble

Alaska trip #3 soon in the scrapbook and always in memory. I got my bear fix, and even though I still haven't seen my moose, all those magnificent waterfalls may make up for it. To paraphrase...

The fog comes in on little sub-paws,
It sits quietly looking over harbor, perils,
straits, steep mountains, icebergs,
evergreens, eagles' nests, and glaciers
on silent haunches.

And then doesn't move on!
Even the fog doesn't want to leave.
Thank you Ronn (as always), John, and Amanda
for a wonderful adventure!

We're smiling after yet another incredible adventure aboard the Delphinus. Great company, great crowd (ha, tiny group :-), awesome scenery & wildlife.

We know from previous Delphinus trips and stay in touch with throughout the year. Donn and John have a great way of sharing insights and finding marine mammals, bears and eagles. Another trip of memories for a lifetime! Can't wait to next year! Ray Murray

Wow! What can I say? This trip is just awesome. The scenery, the trees, the glaciers, uebergs, whales, bears, seals, birds etc. etc. I find the crew very friendly + helpful in spite of my getting used to their thick American drawl. Tom, what a great cook you are - I wish you could give some cooking lesson. Ronn, you are a great captain I've watched how you manoeuvre the boat and how you rely on the GPS. John, thanks for your great knowledge on the environment, animals, flora, vegetation etc. Great meeting you + knowing you. All the best! James

Dear Ron, John, + Amanda,

Thank you so much for an incredible week on the Delphinus! The places and things you showed us in SE Alaska were so beautiful and unforgettable, and I appreciate how well you took care of our group during our journey. We all learned so much ... and I look forward to sharing the knowledge (and photos, of course) with my students when I return. You all really went above and beyond to make this a rich (and comfortable) experience for us. Thanks again!   Jackie Sichert

Two great back to back trips on the Delphinus! Southeast Alaska and BC are always amazing to visit with this boat with Captain Ronn, John and this year with Kamoko's excellent cooking. It's always a highlight of my year and a source of lifetime memories. Thank you for making these experiences possible! Ray Murray

Wow, what a trip! The best crew, great food, great scenery, & of course, The Best Captain! But, this time, we also had the greatest group of passengers, all my favorites. I am extremely grateful to have been a part of it. And, oh ya, the animals, birds, whales couldn't have been better. Deepa Sharma

Disembarking the Delphinus today after a 10 day adventure. Rough seas, calm seas, rain, sun. We had it all. Never did I worry under the excellent care of Ronn, John & Tom.

I saw things I never had before, and saw things in a different way. Thanks for reminding me how wonderful the world can be, and I look forward to the next adventure.
