

Wow! As if that hasn't been said enough...

What an amazing trip. We've had gorgeous weather, amazing wildlife, awesome glaciers, great people, wonderful crew, and even good swimming.

This really has been truly wonderful and eye opening experience.

Thank's so much for the trip of a lifetime!

"Wow" is AN UNDERSTATEMENT! Of all the boat trips I have been on over the last 20 years, this has been the best of the best. Outstanding crew, great personal interaction AND support. HANS is a great first mate AND Tracie is one of the best cooks I have encountered on ANY ship!

Between the crew, all of the super passengers AND the magnificent scenery & wild life (not to mention a record breaking 6 days of clear sunny weather in the Glacier Bay Area - A truly magnificent Trip

THANKS for all of your team's hard work AND a trip of a lifetime! Gary
